General Terms and Conditions for Partners

of ~~Wastebox Deutschland GmbH~~ Wastebox Deutschland GmbH

1. Scope of application, general terms and conditions

1.1. These General Terms and Conditions (hereinafter referred to as "**Partner Terms and Conditions**") apply to all business relationships between ~~Wastebox Deutschland GmbH, Hamburg (hereinafter referred to as "**Wastebox**") and companies commissioned by Wastebox via the "Wastebox.biz online portal" or the Wastebox app as a subcontractor with waste disposal services (from here on "~~Wastebox Deutschland GmbH, Hamburg (from here on "**Wastebox**" or "**Wastebox.biz**") and companies which are commissioned by Wastebox via the "Wastebox Platform" as a subcontractor with waste disposal services (from here on ~~"Service") (from here on "Service").~~

"**Service**") (from here on "**Partner**").

1.2. Unless expressly agreed otherwise in writing, these Partner GTC shall also apply as a framework agreement for similar future contracts between the parties without the need to refer to these Partner GTC again.

1.3. General terms and conditions of the partner shall not apply if and insofar as they deviate from or supplement these Partner T&Cs; this shall also apply if Wastebox does not expressly object to the validity of the ~~general terms~~ and ~~conditions~~ of the partner. Anything else shall only apply if and insofar as Wastebox agrees to the validity of the partner's General Terms and Conditions in writing.

2. Definitions

~~**2.1.** Wastebox Platform: The Wastebox online portal at portal.wastebox.biz and/or the Wastebox App.~~

~~**2.2.**~~**2.1** "**Waste container**": containers that can be used as transport containers via the Wastebox platform. transport containers for ~~waste disposal~~ services (e.g. Wastebox waste skips, Wastebox containers~~)~~. and other construction site equipment (e.g. mobile WC).

~~**2.3.** Wastebox QR code: Tag or sticker with a QR code or barcode and a unique identification number that identifies the waste container and is machine-readable.~~

~~**2.4.** Service: Waste disposal service that includes the delivery, installation, collection and transport of the waste container and/or the environmentally friendly recycling or disposal of the waste.~~

~~**2.5.** Partner: Waste disposal service provider who performs the service as a subcontractor of Wastebox.~~**2.6** ~~Carrier: A transport service provider commissioned by Wastebox or a partner who transports empty or filled waste containers to the customer or to a recycler or other location determined by Wastebox.~~**2.2** "**Order**": Offer of the customer to have an empty waste container set up at a certain location and to have a waste container collected or to have a full waste container exchanged for an empty container.

2.3 "**Individual order**": The order concluded in accordance with this framework agreement for the provision of a service requested by a customer of Wastebox.

2.4 "**Business hours**": Working days, Mon-Thu 7:30-16:30 and Fri 7:30-14:00. Christmas Eve, New Year's Eve, national holidays and public holidays in Hamburg or at the partner's place of business do not count as working days.

~~**2.7.**~~**2.5** "**Customer**": Customer of Wastebox including the partner customers.

2.6 "**Customer GTC**": The General Terms and Conditions valid from time to time between Wastebox and its customers.

~~**2.8.**~~**2.7** "**Partner Customer**": Customer of a Partner who is demonstrably in an ongoing business relationship with the Partner and who commissions Wastebox with services on the Wastebox Platform due to an intermediary activity of the Partner. A Partner Customer does not exist if it is a customer of several of a calendar year directly between the Partner Customer and the Partner. Written confirmation from the Partner Customer that he is in an ongoing business relationship with the Partner and uses the Wastebox Platform due to the brokerage activity of the Partner is required as proof.

~~**2.9.** Order: Offer by the customer to have an empty waste container placed at a specific location and to have a waste container collected or to have a full waste container exchanged for an empty container.~~

~~**2.10.** Business hours: Working days, Mon-Thu 7:30-16:30 and Fri 7:30- 14:00. Christmas Eve, New Year's Eve and national holidays do not count as working days.~~

~~**2.11.** Metropolitan areas: Areas of the cities of Hamburg, Kiel, Bremen, Hanover, Rostock, Braunschweig, the Ruhr area, Cologne, Düsseldorf, Bonn, Frankfurt, Wiesbaden, Mainz, Darmstadt, Offenbach, Hanau, Mannheim, Heidelberg, Saarbrücken, Stuttgart, Nuremberg, Munich, Berlin, Potsdam, Halle, Leipzig, Dresden, Magdeburg and Erfurt.~~**2.8.**

"**Wastebox platform**": The Wastebox online portal at portal.wastebox.biz and/or the Wastebox app.

3. Framework agreement (registration)

Use of the Wastebox Platform is only possible if the Partner has previously registered ~~in writing, at least~~ in text form, using the Wastebox ~~master data~~ sheet. ~~Sending the completed master data sheet to Wastebox constitutes a binding offer of the partner to conclude these GTC as a framework agreement with Wastebox.~~ The framework agreement comes only thereby realised,

that Wastebox sends the Partner personal access data with which the Partner can log in to the Wastebox Platform. The framework agreement shall apply to all future individual orders pursuant to 6.Clause 6. There is no obligation on the part of Wastebox to conclude individual orders with the partner.

4. Obligation of the Partner to respond to customer offers

4.1. The Partner is obliged by the framework agreement to respond to offers in the legal sense, i.e. enquiries from customers via the Wastebox Platform, according to the agreed conditions, in particular also the GTC between Wastebox and its customers in the respectively valid version, as an authorised subcontractor of Wastebox.

5. Other obligations of the partner under the framework agreement

5.1. The partner shall ensure that it is authorised to provide the services with regard to the waste which it takes into its possession in accordance with statutory provisions. In particular, the Partner must ensure that it has notified the competent authority of its activities, if required, and that it has been granted the necessary licences or permits for the collection and transport of waste that it takes into its possession. Should the partner lose its authorisation to perform the service or a permit or authorisation required for this, it shall inform Wastebox of this immediately in text form.

5.2. The Partner shall provide the personnel and material resources required to perform the service in accordance with the contract. In particular, the Partner shall also ensure that the Wastebox operation continues even if personnel and/or vehicles are unavailable. The Partner shall be responsible for procuring the infrastructure required for using the Wastebox platform, such as smartphones or tablets with iOS or Android operating system with mobile Internet access, at its own expense and, if necessary, also making it available to its drivers.

5.3. After conclusion of the WasteboxWastebox framework agreement, the Partner shall appoint a contact person and a representative who must be available by telephone during business hours.

5.4. The partner shall train its drivers, who are to be deployed for the fulfilment of individual orders vis-à-vis Wastebox, to an appropriate extent with regard to the operation of the Wastebox portal.

6. Conclusion of the Waste Disposal Contract, individual orders of the Partner

6.1. The partner undertakes to carry out individual orders subject to these Partner GTC and in compliance with the obligations of Wastebox according to the Customer GTC as well as all applicable statutory provisions. In particular, the Partner shall fulfil the technical requirements necessary for the provision of the service and deploy sufficiently qualified personnel.

6.2. The order placed by a customer on the Wastebox Platform shall be deemed an offer to conclude a waste disposal contract. A waste disposal contract is only concluded after the acceptance of this offer by Wastebox, in which the partner as a subcontractor commissioned by Wastebox accepts the customer's application on behalf of Wastebox and only within the scope of the conditions stated on the Wastebox Platform. Upon acceptance of the customer's offer by Wastebox, the individual order of the Partner as subcontractor contract between Wastebox and the Partner shall also be concluded.

6.3. Before the offer is finally accepted, the data entered by the partner for the individual order is summarised in an overview. The partner can check the details of the individual order again and correct them if necessary. The customer's order only becomes binding for Wastebox when the Partner clicks the "Accept order" button as an authorised subcontractor of Wastebox. After acceptance of the offer, the customer will be notified immediately via the WasteboxWastebox platform.

6.4. Prior to accepting the offer, the partner has the option of entering a of in the Wastebox online portal at of the Wastebox platform .

However, the partner is obliged to accept this deviating delivery date.

6.5. The contract language is German.

6.6. Contracts with the partner shall be stored by Wastebox and can be retrieved by the partner on the Wastebox online portal platform after login.

7. Contractual Right of Withdrawal of Wastebox in the Event of Cancellation of an Order of the Customer or in the Event of Withdrawal of the Customer Wastebox is entitled to cancel the respective individual order vis-à-vis the Partner if a customer has cancelled his order of a service pursuant to the Customer GTC or has withdrawn from the order. This shall not apply if Wastebox is responsible for the customer's cancellation. In the event of cancellation of an order by the customer, the partner shall be informed immediately about the cancellation of the individual order. The partner cannot demand any remuneration for the cancelled individual order; possible claims for damages of the partner according to statutory provisions remain unaffected.

8. Processing of partner-customer orders

If an order of a partner customer of the partner is received in the Wastebox Portal, Wastebox shall, in the first 10 minutes after receipt of this order, only display the customer's order to this partner and exclusively request him to accept the offer in accordance with § 6. Only after this time has elapsed will this order also be displayed to other partners so that they can submit an enquiry.

9.8 Type and scope of the service

9.1.8.1 Wastebox commissions the partner with the performance of services for customers of Wastebox. The type and scope of the service commissioned for each individual order are specified in the individual order and additionally in the description of the corresponding service on the Wastebox Platform.

9.2.8.2 Unless otherwise agreed, the Partner shall be responsible for the environmentally sound recycling or disposal of the waste in accordance with the respective individual order pursuant to § 3 paras. 23 and 26, §§ 6 ff., §§ 15 ff. KreislaufwirtschaftsgesetzKreislaufwirtschaftsgesetz (Circular Economy Act).

9.3.8.3 The partner must provide the service in accordance with the state of the art.

10.9 Delivery and installation of waste containers

10.1.9.1 The waste containers must be suitable for the respective type of waste and correspond to the state of the art. The outer surfaces of waste containers must be clean and rust-free upon delivery; the interior of waste containers must be "swept clean" upon delivery.

10.2 Individual orders may only be carried out with waste containers to which a Wastebox QR code is attached. The Partner shall ensure at its own expense that the Wastebox QR Code is attached to the waste containers and that the waste container is registered in the Wastebox platform by scanning the Wastebox QR Code and transmitting the location data upon departure of the lorry, pick-up, collection, emptying, completion of the return transport. Wastebox provides the Wastebox QR codes to the partner.

10.3.9.2 The specific installation location of the waste containers at the delivery address specified by the customer must be agreed with the customer.

10.4 The partner is obliged to ensure that the access to the installation site, the installation site and an open area within a radius of 15 m around the waste container are at ground level, solid, suitable for vehicles with a total weight of 18-40 tonnes, have a clearance width of at least 3.5 m and a free height of at least 4 m.

10.5.9.3 Before setting up the waste container on areas not owned by the Customer, the Partner is obliged to obtain from the Customer the consent of the landowner in text form and/or the authorisation of the competent authority to set up the waste container on public areas.

~~10.6 Together with the customer, the Partner is responsible for adequately cordoning off the installation site of the waste container and, if necessary, setting up warning lights (traffic safety obligations).~~

~~10.7.~~9.4 If the partner establishes that the requirements for the ~~installation~~ site according to ~~10.2.~~ clauses 9.2. to ~~10.5.~~9.3. are not complied with, the partner shall inform Wastebox of this, stating the exact reason.

~~10.8.~~9.5 The partner shall inform Wastebox if it becomes aware that customers do not sufficiently protect waste containers against weather-related influences.

~~11.Third-party waste containers 11.1.~~

~~The Partner agrees to transport waste containers from other partners (third-party containers) if necessary and to have its waste containers transported by other partners.~~

~~11.2. If the Partner is in possession of third-party containers, it must use these third-party containers for new individual orders, provided they are suitable for the type and quantity of waste ordered and provided the owner of the third-party containers does not wish to collect them himself from the Partner in possession of the third-party container.~~

~~11.3. If there are more than 3 external containers at a partner's premises for longer than 30 days, this must be reported to Wastebox.~~

~~11.4. The partner shall treat third-party containers with care and protect them to an appropriate extent against theft and damage due to improper transport (e.g. caused by exceeding the permissible total weight of the waste container). Damage to third-party containers must be reported immediately to the owner and Wastebox at stating the Wastebox waste container ID.~~

~~11.5. Agreements between the partners with regard to third-party containers and legal claims of the owner of the waste containers remain unaffected.~~

~~12.~~10. Place of delivery, delivery period, delays

~~12.1.~~10.1 The Partner is obliged to provide the service from the ~~individual~~ order at the location selected by the customer. Unless otherwise agreed, the delivery of the number of waste containers agreed in the individual order shall be made to the address provided by the customer on the Wastebox Platform "free location". This is ~~a~~also the place of fulfilment for the delivery and collection of waste containers.

~~12.2.~~10.2 Agreed delivery and collection times are binding for the Partner. ~~Unless otherwise agreed, the Partner is obliged to deliver the waste container within 3 hours in urban centres and within 8 hours outside of urban centres after conclusion of the contract. Times outside business hours are not taken into account when calculating these periods.~~

~~12.3.~~10.3 In the event of a delay in delivery or collection, the partner shall inform both Wastebox and the customer thereof, stating the expected delivery or collection time.

~~12.4.~~10.4 The partner is obliged to inform Wastebox immediately via the Wastebox platform if the delivery or collection is impossible or delayed due to circumstances for which the customer is responsible or which originate from the customer's sphere (e.g. in the absence of a permit for the installation of waste containers on areas not owned by the customer). In such cases, the Partner shall document any journey to the customer by ~~taking photographs~~ of the area surrounding the delivery or collection location specified by the customer.

~~12.5 The occurrence of (acceptance) default on the part of Wastebox shall be determined in accordance with the statutory provisions. In any case, however, a reminder by the partner is required; the partner must expressly offer its performance to Wastebox even if a specific or determinable calendar time has been agreed for an action or co-operation of Wastebox.~~

~~13.~~11. Collection and transport of waste

~~13.1 The partner undertakes to collect, transport and report the customer's waste and - depending on the order - to hand it over to a treatment plant specified by Wastebox or to utilise it itself.~~

~~13.2.~~11.1 The Partner shall become the owner of the waste upon collection of the waste and shall assume full responsibility for the proper and legally compliant treatment, utilisation or disposal of the waste from this point in time. The Partner shall indemnify User against all third-party claims arising from the assumption of ownership of the waste.

~~13.3.~~11.2 Within the scope of these Partner T&Cs, the Partner may only take possession of and transport waste whose disposal is offered via the Wastebox Portal platform. If the Partner nevertheless undertakes the disposal of other waste, this shall be at the Partner's risk; any additional costs incurred as a result shall be borne by the Partner. ~~The~~ same ~~applies~~ if the partner transports waste of one type of waste in waste ~~containers~~ that are not suitable for this type of waste. The type of waste authorised for the respective waste container must be ~~specified~~ at of the ~~waste container.~~

~~13.4.~~11.3 If customers have filled waste into waste containers that are not suitable for this type of waste, the Partner shall document this via the Wastebox app platform with a comment and photo upon completion of the order.

~~13.5.~~11.4 If, contrary to the customer's order, other waste, in particular hazardous waste, is provided for disposal or the waste containers used are not suitable for safe transport (e.g. in the case of asbestos waste), the ~~waste~~ containers must initially not be transported. The partner shall immediately report this to Wastebox ~~via~~ the Wastebox portal platform and upload photographs to document the filling of the waste containers with incorrect waste. Wastebox then decides whether the waste can nevertheless be collected and disposed of by the partner at the price agreed for the respective type of waste (see ~~15.11.~~ Clause 13.1.) and informs the partner of this decision. If Wastebox decides in favour, the customer shall agree to this change of waste type and any price change by ~~signing in the Wastebox app on~~ the Wastebox portal prior to disposal. If Wastebox decides against this, ~~13.3 sentence 2~~ shall apply ~~accordingly.~~11.2 sentence 2 shall nevertheless be able to be collected and disposed of by the partner at the price agreed for the respective type of waste (see clause 13.1.) and informs the partner of this decision. If Wastebox decides in favour of this, the customer shall agree to this change of the type of waste and a possible price change by countersigning on the Wastebox Platform prior to disposal. If Wastebox decides against this, clause 11.2 sentence 2 shall apply accordingly.

~~14.~~12. Cancellation~~, penalty for delay~~

If the partner does not provide the delivery and/or the collection of ~~waste~~ containers within the delivery and/or collection period agreed ~~pursuant to 12.2~~, Wastebox may withdraw from the individual order in accordance with the statutory provisions. ~~If,~~ notwithstanding this, the partner has ~~not informed the customer and/or Wastebox about the delay before the expiry of the delivery and/or collection period, Wastebox shall be entitled to demand a contractual penalty from the partner irrespective of fault in the amount of 0.5% of the remuneration for the respective individual order for each commenced half hour of the delay, but not more than 5%. The contractual penalty is to be offset against the damage caused by the delay to be compensated by the partner, if applicable, and~~ to reimburse Wastebox for any damage or other costs incurred by Wastebox due to a delayed delivery and/or collection of waste containers for which the partner is responsible or to indemnify Wastebox~~.~~

~~15.~~13. Remuneration, proceeds from recyclables

~~15.1.~~13.1 The prices for the customer are determined by Wastebox.

~~15.2. A partner who takes over the transport and the recycling shall receive 85% of the respective net service fee (customer price), which Wastebox invoices to the customer, as remuneration for the respective service ordered. The customer price does not include the fee for the rental of the waste containers, which the customer may have to pay to Wastebox. If the partner is the owner of the waste container, he shall additionally receive a rental fee for the waste container after 15 April to 15 June.~~

~~15.3. The Partner enters its minimum prices for the respective services in an offer to Wastebox or in the Wastebox online portal and only those (customer) orders are displayed for which the amount of 85% of the net customer price is not less than the minimum price specified by the Partner.~~

~~15.2 Sentence 2 applies accordingly.~~

~~15.4. The Partner may additionally charge Wastebox € 0.60 per day as rent for Wastebox skips required for the fulfilment of the contract and € 1.20 per day as rent for Wastebox containers. This shall not apply if a disposal price including the rental fee has been agreed between Wastebox and the partner ("all-inclusive price").~~

~~15.5.~~13.2 Possible fees for the rental of waste containers are calculated according to full days. The Partner is entitled to a rental fee from the day after the waste container is set up until the collection day specified by the customer. ~~The minimum hire period is one day.~~ The partner is not entitled to a rental fee for the period between the agreed collection date and the actual collection of the waste containers, provided the delayed collection is not attributable to Wastebox.

~~15.6 If the disposal price agreed with the customer already includes the rent for the Wastebox skip, the partner shall receive a flat-rate rental fee in the amount of € 10.80 for the entire rental period, in the case of a container provided in the amount of € 19.80, provided that the agreed rental period is longer than 24 hours in each case.~~

~~15.7 A carrier or a partner who only provides transport services shall enter its transport price for the respective transport service in an offer to Wastebox or in the Wastebox online portal and shall only be offered those orders for which the amount of 85% of the customer (transport) price is not less than the entered transport price. The carrier receives the transport price entered by it for the execution of the transport service.~~

~~15.2 Sentences 2 and 3 apply accordingly.~~

~~15.8.~~13.3 The prices are subject to the applicable statutory value added tax.

~~15.9.~~13.4 The partner is obliged to draw Wastebox's attention to any price errors which the partner may have made on the Wastebox platform.

~~15.10. Recyclable material revenues: Wastebox enters the recyclable material revenues for the respective fractions for recyclable materials in the Wastebox Portal. The recyclables revenues for paper and film are linked to the EUWID Index and those for scrap to the BDSV Index S 1 and can therefore be adjusted upwards or downwards by Wastebox on a monthly basis in accordance with these indices. The calculation basis for the respective contract shall be the index figure published for the month of the announcement of the recyclable material revenue pursuant to sentence 2 of this point, subsequently in~~ each case the previous month.~~15.11.~~

If, contrary to the customer's order, other waste is provided for disposal or the waste containers used are not suitable for safe transport, the partner shall receive the remuneration for the type of waste actually to be disposed of less the platform fee of 15 %, provided that Wastebox has agreed to the disposal in accordance with13.5. In order to ensure that the proceeds from the recycling of non-ferrous metals (such as aluminium, copper, cable, etc.) are accounted for, the partner is obliged to take meaningful pictures of all non-ferrous metals prior to transport and recycling and to document these on the Wastebox platform.
13.5. has agreed to this.

16.14. Terms of payment

16.1.14.1 The remuneration of the Partner shall be invoiced monthly for all services rendered up to the last day of the respective calendar month and documented on the Wastebox Platform and - if agreed with the Partner - invoiced by the Partner. The remuneration shall be due within 30 calendar days from complete performance and receipt of a proper invoice, whereby the period shall begin to run from the last calendar day at the earliest. Interest on arrears shall not be owed.

14.2 Orders which are not completed or reported back by the partner within the agreed delivery and/or collection period can be submitted to Wastebox for invoicing up to a maximum of six (6) months after the expiry of this period (cut-off period). Any settlement attempts on the part of the partner that exceed this period shall be rejected.

14.3 The lack of documentation according to clause 13.5. excludes the invoicing of non-ferrous metals via Wastebox.

16.2.14.4 The partner shall only have a right of set-off or retention due to legally established or undisputed counterclaims.

17.15. Non-solicitation, customer protection,

The Partner undertakes not to actively solicit customers of Wastebox and not to actively solicit customers of Wastebox who are known to the Partner, are not active or should be known to the Partner, with regard to the field of activity of Wastebox and not to submit any direct (i.e. outside the Wastebox Platform) offers to them. Offers in the course of a public tender are not covered by this non-competition clause. This non-competition clause also includes services using waste containers that are not offered on the Wastebox Platform. This non-competition clause does not apply to types of waste that are not offered on the Wastebox Platform. ServicesServices provided by partners to their partner customers are excluded from this non-competition clause.

18.16. Compensation for damages

18.1 Wastebox is liable without limitation within the scope of fault-based liability in the event of intent or gross negligence, for damages due to injury to life, body and/or health16.1 The contractual and non-contractual liability of Wastebox is limited to intent and gross negligence, unless it concerns the violation of an essential contractual obligation (cardinal obligations) or injury to life, body or health.

18.2.16.2 Subject to a milder standard of liability according to statutory provisions (e.g. care in one's own affairs), Wastebox's liability in the event of a slightly negligent breach of a material contractual obligation is limited to the amount of foreseeable, typically occurring damages, however, to a maximum of the amount of the remuneration paid by Wastebox to the partner in the last twelve (12) months prior to the occurrence of the damage. Material contractual obligations are those contractual obligations whose fulfilment makes the proper execution of the contract possible in the first place and on whose compliance the partner regularly relies and may rely.

18.3 Otherwise, the liability of Wastebox is excluded.

18.4.16.3 The aforementioned limitations of liability shall also apply to breaches of duty by persons whose fault Wastebox is responsible for according to statutory provisions as well as for a possible personal liability.

18.5.16.4 Claims for damages pursuant to 18.2.Clause 16.2. of the Partner shall become time-barred after the expiry of a limitation period of one (1) year. The limitation period shall only begin to run as soon as the Partner becomes aware of the circumstances giving rise to the claim and the identity of the debtor or should have become aware of them without gross negligence.

19.17. Valuations

19.1. The Partner is aware that customers can rate the Partner after the execution of the individual order and that these ratings can be viewed by all Wastebox customers. In the event of poor average ratings (<3 stars out of 5 stars), the Partner shall implement the necessary measures to improve the quality of its service and, in particular, retrain the drivers concerned to an appropriate extent within a reasonable period of time.

19.2. Partners can rate Wastebox customers by means of a 5-star rating via the Wastebox Platform.

20.18. Subcontractors, change of contractual partner

20.1.18.1 The Partner may have the service performed by reliable subcontractors. The partner is responsible for ensuring that its subcontractors, insofar as it uses them to fulfil individual orders, comply with all obligations arising from these Partner T&Cs and statutory regulations

20.2 Wastebox has the right to transfer contracts concluded with the partner to another company at any time. Wastebox shall inform the partner about the new contractual partner in good time before the transfer of the contract.**18.2** Wastebox reserves the right to transfer its rights and obligations from this contract in whole or in part to an affiliated company. In connection with such a transfer, any personal data within the meaning of Art. 4 No. 1 GDPR shall be transferred in order to enable the legal successor or the affiliated company to fulfil the contract. The customer shall be informed of any planned transfer in text form.

21.19. Termination of the framework agreement and individual contracts

21.1.19.1 The framework agreement is concluded for an indefinite period and can be terminated in text form with a notice period of three (3) months to the end of the respective month, but not before any minimum contract term agreed with the partner. If and as long as individual orders have not yet been completely fulfilled at the time of termination of the framework agreement, the framework agreement shall nevertheless apply.

21.2.19.2 The right to extraordinary termination without notice for good cause remains unaffected.

22. written form20. amendments, applicable law, place of jurisdiction

22.1.20.1 Verbal collateral agreements to these Partner T&Cs and contracts between the parties are not made. Subsequent amendmentsChanges or additions to these Partner T&Cs or contracts between the parties must be made in writing to be effective unless otherwise provided for in these Partner T&Cs - at least in text form. This also applies to the cancellation or waiver of this written form requirement.

22.2.20.2 This contract shall be governed by German law to the exclusion of the conflict of laws provisions and the UN Convention on Contracts for the International Sale of Goods.

22.3.20.3 If the customer is a merchant, a legal entity under public law or a special fund under public law, the exclusive place of jurisdiction for all disputes arising from and in connection with these Partner T&Cs and the contracts of the parties shall be Hamburg, in the case of local court jurisdiction the Hamburg-St. Georg Local Court.

21 Adaptation

Wastebox reserves the right to amend and adapt these Partner T&Cs in the event of changes in the law, changes in jurisdiction or changes in economic circumstances with effect for the future. The partner shall be notified no later than two

Partner T&Cs of the changes by e-mail. If the partner does not object to the validity of the new Partner T&Cs within this period and continues to use the Wastebox service, the new Partner T&Cs shall be deemed accepted. In the event of an objection, Wastebox expressly reserves its right of cancellation. In the event of a change to the Partner T&Cs, Wastebox shall also inform the Partner separately of its right of objection, the deadline for this and the legal consequences of its silence or an objection.
